

Curriculum Vitae for Stefan Oscarson

PhD in Organic Chemistry from Stockholm University on December 12, 1985
Appointed Professor in Chemical Biology at CSCB, UCD on November 1, 2006

Professional Experience

2006–present	Professor of Chemical Biology at UCD
2002–2003	Professor of Organic Chemistry at Göteborg University
2000–present	Professor of Organic Chemistry at Stockholm University (SU)
1993–1999	Associate Professor of Organic Chemistry at SU
1986–1993	Assistant Professor of Organic Chemistry at SU
1985–1996	Researcher at the Swedish Tobacco Company

Research Publications

More than 150 publications in peer-reviewed journals and 5 book chapters within the research area of oligosaccharide and glycoconjugate synthesis and the utilization of target structures in relevant biological experiments.

Honors, Awards and Recognitions

Editor for *Carbohydrate Research*
Member of the editorial board of *Journal of Carbohydrate Chemistry*
Member of *the International Carbohydrate Organisation (ICO)* and *the European Carbohydrate Organisation* (Swedish representative)
Member of *GLIBS (Glycoconjugates in Biological Systems) National Advisory Board* (Swedish Foundation for Strategic Research-financed programme)
Reviewer for all major journals in the field
Reviewer for Research Grant Programs of the Swedish Research Council (Vice-Chairman 2005), Science Foundation of Ireland, the Norwegian, Austrian, Israeli, Czech Republic, and Dutch Research Councils and for the Wellcome Trust

Supervision and Examinations

Supervised 21 PhD theses
PhD thesis external examiner on more than 15 occasions of which one at Oxford University (Nov 07) and one at UCD
